Ca = Carnauba
Co= Coconut
PP = "Paraguay Palm"
M = Mauritia Flexuosa
B = Babassu
P = Para Dwarf

Most Useful

Carnauba

“Ceará Trees”

Common: Ceará

Sometimes: Piauí, Rio Grande do Norte

*usually on red soil in Piauí

Cool location in Ceará

Mauritia flexuosa

“Amazonian Palms”

Common: Acre (west), Roraima

Sometimes: Amapá

Rare: Rondônia, Tocantins, Maranhão, Mato Grosso, Pará, Goiás

Babassu

“Maranhão Palms”

Common: Maranhão, Pará, Amazonas, Rondônia, Acre

Sometimes: Piauí

Rare: Tocantins

Coconut Palm

“Tall Palms”

Common: Bahia, Alagoas, Pernambuco, Paraíba, Rio Grande de Norte

Sometimes: Ceará

Rare: Maranhão, Pará (Belém), Espírito Santo

*basically mostly east coast, small chance north coast

Para Dwarf (Acai Palm)

“Belém Trees”

Common: Pará (Belém mostly)

Sometimes: Amapá, Maranhão (especially Gen 4), Amazonas

Rare: Rondônia, Acre

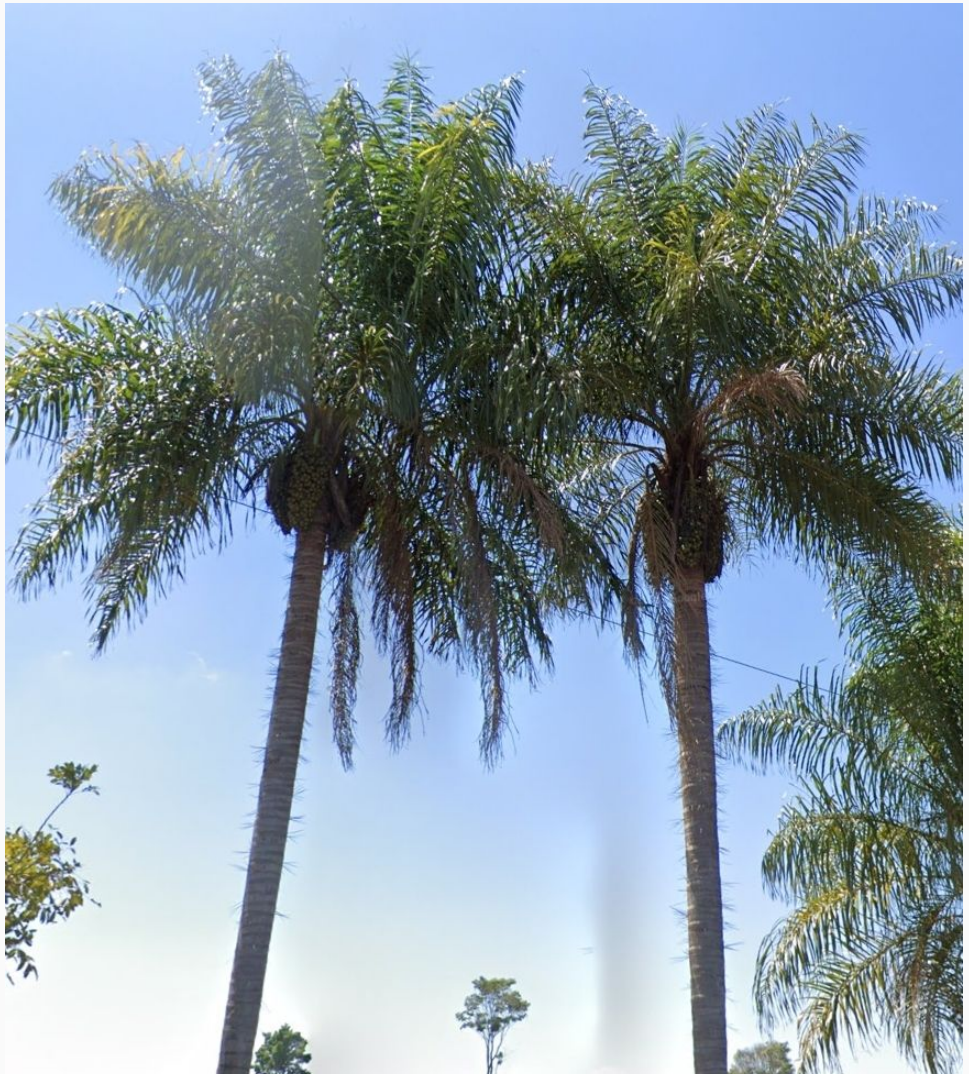

Acrocomia Aculeata (Macaw Palm)

“Paraguay Palms” since it also can be seen in northern Argentina

Common: Mato Grosso do Sul

Sometimes: Goiás, Minas Gerais, Mato Grosso, São Paulo, Paraná

Exists in various forms, not always spiked trunk.

Mato Grosso do Sul

“Amapá plants”

Common: Amapá

Sometimes: Roraima

Paraná Pine

Common: Paraná, Santa Catarina, Rio Grande do Sul

Rare: São Paulo, Minas Gerais (southwestern)

Casuarina

Common: Rio de Janeiro, Rio Grande do Sul

Sometimes: Santa Catarina, Espírito Santo

Rare: other coastal areas

Pampas Grass

“RGDS Tall Grass”

Common: Rio Grande do Sul, South Santa Catarina

Sugar cane

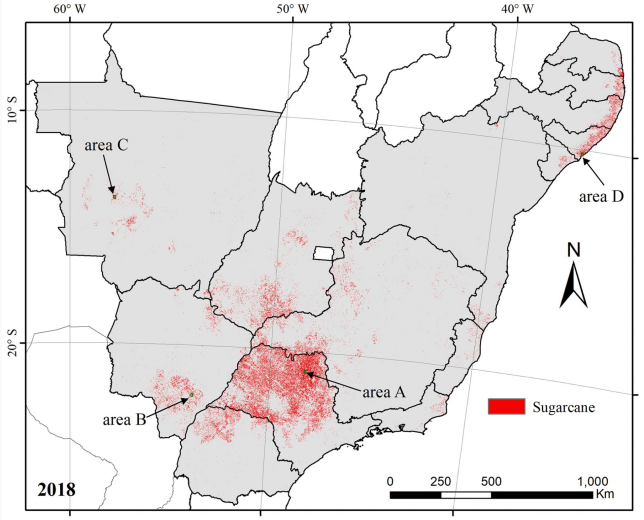

Common: São Paulo, Alagoas

Sometimes: Goiás, Pernambuco

Rare: Mato Grosso do Sul, Espírito Santo

*In northeast sugar canes will often be on a hill or combined with coconut palms

Pernambuco sugar cane hills

Generic pines

Common: Santa Catarina

Sometimes: Paraná, Rio Grande do Sul

Rare: São Paulo

Very rare (and cringe): Rio de Janeiro, Espírito Santo

“Tall Grass”

Common: Tocantins, Minas Gerais

Sometimes: Goiás, Piauí, Mato Grosso

Rare: Mato Grosso do Sul

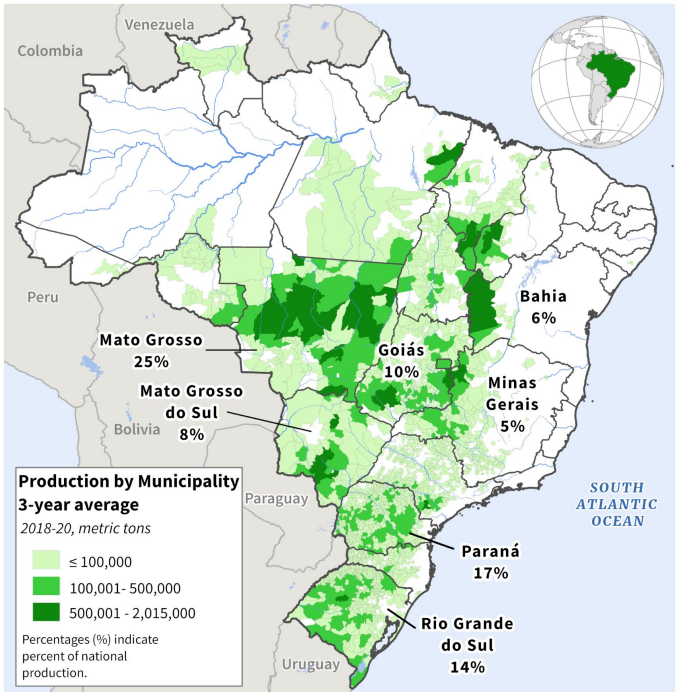

Soybeans

Common: Mato Grosso (Sinop), Paraná

Sometimes: Goiás, Mato Grosso do Sul

Rare: São Paulo, Pará (Santarém)

Brazilian Nut Tree

Common: Pará (Santarém), Acre

Shrubby/tree-like cacti

Very common: Bahia

Common: All of Caatinga

*basically never south of Bahia, also not Mexico or northern Colombia :tf:

Somewhat Useful

Eucalyptus grandis

Common: Bahia (southeast and Gen 3) , Espírito Santo (Gen 3), Amapá (Gen 3), Minas Gerais

Sometimes: Mato Grosso do Sul (near Paraná River), Santa Catarina (in the mountains)

Rare: Tocantins, any northeastern state

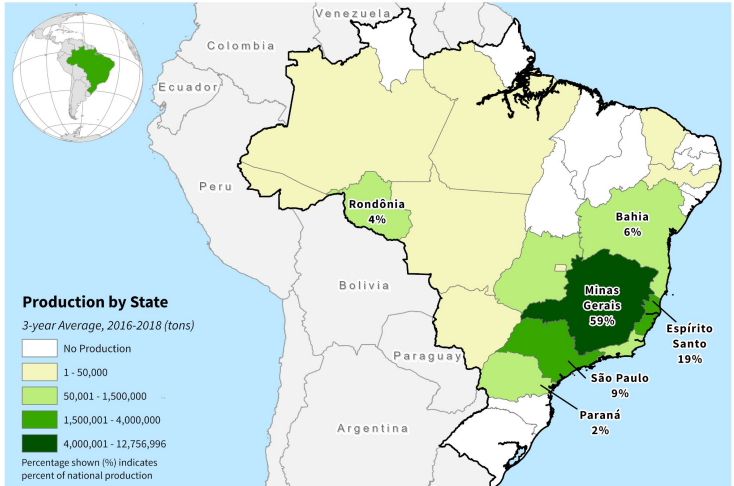

Coffee beans

Common: Espírito Santo (Domestic/small), Minas Gerais (large)

Sometimes: Paraná, São Paulo, Bahia

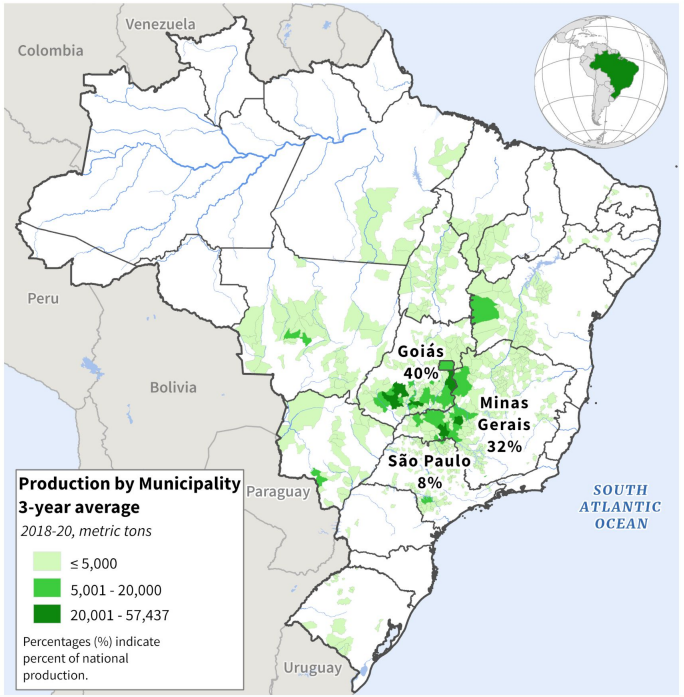

Sorghum

Common: Goiás, Minas Gerais

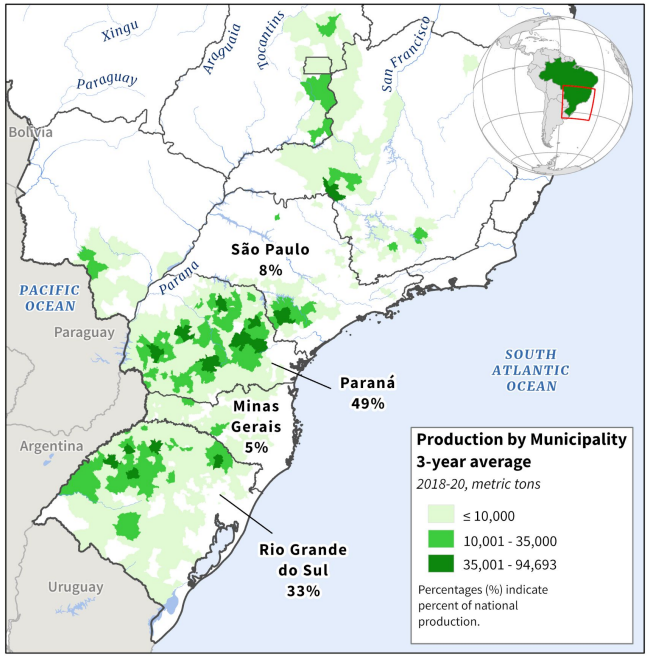

Wheat

Common: Parana, Rio Grande do Sul

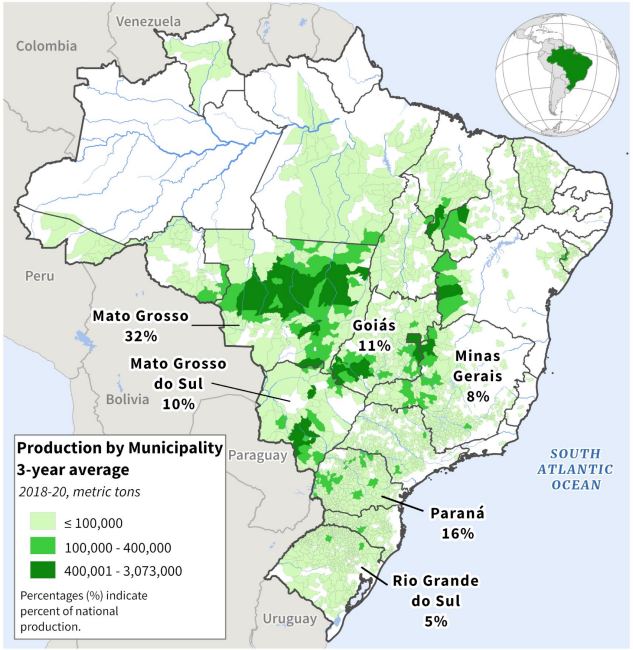

Corn

Cornmon: Mato Grosso, Mato Grosso do Sul, Paraná, Goiás

Sometimes: Minas Gerais, Rio Grande do Sul

Banana Plant

Seen: Espírito Santo, Rio de Janeiro, São Paulo, Santa Catarina

Rare: northeast

King Palm

Sometimes: Santa Caterina

Decorative

Could be Useful

Small flowering/ leafy/ viney plants replacing grass

Common: Rio Grande do Norte, Ceará

Sometimes: Paraíba, Piauí

Long leafy plant

Piauí, Rio Grande do Norte, Ceará

Syagrus oleracea

Sometimes: Minas Gerais, Bahia

Rare: Goiás, Mato Grosso, Tocantins, Parana
